Six Nations Fire Department Open Air Burn Permit

Guideline for Open Air Burning

1. Permits are required for each site and are valid according to what has been approved. Permits must be available for viewing at the burn site upon request.
2. The fire is to be attended and supervised at all times.
3. All fires are to be completely extinguished by sun down. There is absolutely no night burning.
4. Complaints received regarding problems associated with smoke may be cause for permit to be revoked. Burning is not to take place when winds will cause smoke to be an annoyance to nearby properties or roadways.
5. All fires must be kept to a maximum size of 2m x 2m x 2m in height, unless otherwise approved by Fire Chief.
6. With the exception of recreational campfires and outdoor fire places, open air burning within 30m of any building or other combustible material shall not be permitted. Recreational campfires and outdoor fire places should be a minimum of 3m from any building or combustible material.
7. Only the burning of clean wood and brush is permitted.
8. Equipment capable of extinguishing the fire at any time conditions warrant is to be on site at all times burning is carried out.
9. The use of outdoor fireplaces is deemed to be open air burning and requires the issuance of a permit.
10. Open air burning for live fire extinguisher training requires an issuance of a permit.
11. All persons setting an open fire shall be liable for costs incurred by the Six Nations Fire Department for an emergency response to any address in violation of the guidelines listed above.
