

ANOTHER SUCCESSFUL COMMUNITY AWARENESS WEEK

Community Awareness Week in Six Nations is a very exciting time of the year.

With the participation of many organizations, this year's events were scheduled from May 13 through 26. The events held showcased the many services the community of Six Nations has to offer.

"On behalf of the Elected Council, I would like to thank all of our community members for participating in this year's Community Awareness Week," said Chief Hill. "I would also like to acknowledge the Community Awareness Week Committee, and all of the departments, local businesses, schools and organizations who took the time to plant these great events. Thanks to all of their hard work and dedication, we had another successful year."

In addition to the many events, ranging from open houses to scavenger hunts and more, the annual celebration of Bread and Cheese also takes place during Community Awareness Week – a symbolic

celebration that commemorates the allied relationship between Six Nations and the Crown.

At the end of this year's Community Awareness Week, on May 26 at Central Administration (1695 Chiefswood Road, Ohsweken) a final draw took place for five grand prizes and the event's 50/50.

Congratulations to all of this year's lucky winners:

- Entertainment Package – Tracey Jamieson
- Family Package – Kelly Trudeau
- Sports Package – Paul Albrecht
- Family Bike Package – Tanith Burning
- BBQ Package – Azaiah Bomberry
- 50/50 – Spencer Skye (\$2,934)

Nia:weh to Jukasa Radio for announcing this year's winners live on-air with us!

18TH ANNUAL

Tom Longboat Run

Nia:weh to everyone who braved the cloudy skies for the 18th Annual Tom Longboat Run! We look forward to seeing you again next year.

BURTCH LAND UPDATE

In April 2017 Six Nations Elected Council issued a release informing the community of Six Nations that the Province of Ontario has transferred the title of approximately 381 acres known as the “Burtch Land” to a federal corporation directed by the Elected Council, with no affiliation to Six Nations Development Corporation.

At this point in time, all costs associated with the transfer of the land have been incurred by the Province of Ontario. The Province has agreed to incur all taxes on the property until it has been deemed “reserve land,” at which time the land will become tax-exempt. The Province has also provided additional funding to tile the lands for proper drainage.

With the best interests of the community at heart, all acreage will remain in-trust with the corporation until it can be officially added to Six Nations of the Grand River Territory in accordance with the Federal Government’s Additions to Reserve Policy.

Recently the Elected Council was forced to issue a Notice to Vacate to a community member who had begun farming the land without permission.

On Tuesday, May 23 the Elected Council met with the Haudenosaunee Confederacy at the Six Nations Tourism building to discuss the current use of the lands. Prior to the meeting the Elected Council offered a

spot to the Confederacy on the Board of the corporation currently holding the lands in-trust. To date a response has not been received.

Unable to come to a resolution at the meeting, Six Nations Elected Council moved to proceed with further legal action against the community member, obtaining an injunction, laying charges for damages incurred and seeking legal costs.

The Elected Council will also be engaging the community of Six Nations for input on the future use of the Burtch lands.

COALITION TO PRESERVE TRUTH

A Coalition representing the children of residential school survivors has been granted leave to intervene in the Supreme Court of Canada. The Coalition is fighting to save the personal accounts of over 38,000 residential school survivors (the “IAP” documents), which are currently set to be destroyed in 15 years.

The IAP was a process that provided compensation to victims of serious physical and sexual abuse in residential schools. The process has produced the largest collection of firsthand accounts of the residential school system, with documents pertaining to over 38,000 survivors. Survivors were supposed to have been provided information to allow for an informed choice around whether they wished to preserve or destroy their personal IAP documents. This choice was never given in a meaningful, timely or supported way. As it stands, the records are set to be destroyed in 15 years.

The intergenerational effects of trauma on individuals, families and communities has been well studied. But the enormous personal trauma of residential school survivors, as well as the massive displacement of Indigenous children from their communities, has made it difficult for families of survivors to know the full extent of this trauma. As such, descendants of survivors often rely on second-hand accounts of residential schools, archives and historical records to understand the ongoing impact of residential schools.

The permanent loss of tens of thousands of documents will deny descendants of residential school survivors the opportunity to heal by removing their ability to develop a greater collective understanding of harms done to their communities. Moreover, it is a serious blow to an already limited residential school record.

“The profound impacts of residential schools are still rippling through our communities today and will continue for generations to come,” said Carey

Newman, founder of the Coalition and creator of the iconic Witness Blanket. “We need to ensure that future generations can access specific knowledge about what led to their broken communities, fragmented families and loss of language and culture.”

Canada has a long history of making decisions about Indigenous, Metis and Inuit peoples, rather than with Indigenous, Metis and Inuit peoples. Indigenous communities across Canada have rich and robust resources for managing situations like these, and the Coalition hopes that the Supreme Court of Canada will make space for the questions to be reframed so that Indigenous Legal Orders can be brought into the decision-making.

Sovereign Wealth Through Hydro Shares

An agreement-in-principle has been made for First Nations to acquire shares of Hydro One Limited

Up to approximately 15 million shares of Hydro One (2.5 per cent of the total current outstanding common shares) will be made available to First Nations. First Nations will have the opportunity to collectively decide their level of participation in the shares acquired.

Through acquiring shares of Hydro One, First Nations would have the opportunity for collective wealth creation and to advance economic development initiatives.

If successful the agreement would be considered a no cash investment, as the province would provide a loan for

the entire purchase price. The province would also contribute up to \$45 million towards the Ontario First Nations Sovereign Wealth LP as seed capital to grow an investment fund. Individual First Nations would not be personally liable for the loan. Loan payments would be made by revenues generated from the shares.

On behalf of First Nations across the province, Ontario and the Chiefs Committee on Energy began engaging in discussions regarding potential equity ownership as part of the beginning stages of the Initial Public Offering (IPO), as described in the

October 2015 Hydro One Limited Supplemented PREP Prospectus.

All First Nations are invited to participate. A minimum of 80 per cent First Nation participation is required by December 29, 2017 to finalize the agreement. A Negotiation Team will be traveling throughout Ontario to provide further information to First Nations, for consideration during their decision-making process(es).

Six Nations Elected Council will be reaching out to the community of Six Nations to provide further information and obtain community feedback/input on Six Nations participation.

HYDRO ONE RATES

At this point in time, Ontario's Fair Hydro Plan has passed provincial legislation and has received royal assent. The Chiefs Committee is now working on regulations with the Ministry of Energy in hopes to have the plan implemented by July, with removal of the delivery charge by August 2017.

- First Nations On-Reserve Delivery Credit
- An average of 25% reduction of the overall bill
- Enhanced relief through the Rural or Remote Electricity Rate Protection
- Access to the New Affordability Fund
- Enhancement of the Ontario Electricity Support Program (OESP)

For the delivery credit to be removed your bill must be tax-exempt. If you need assistance with this contact Arleen Maracle, Community Liaison Officer at (519) 445-2201 x3230.

HYDRO ISSUES?

Do you need assistance with disconnections, arrears, corrections to billing information, unexplained usage, individual payment plans, incorrect smart meter readings, tax exemption, high delivery charges, budgeting or poor interaction with telephone representatives?

Have you signed a contract with a retail energy company like Summit Energy or Just Energy?

ELECTED COUNCIL UPDATES

Blue Bins

Six Nations Public Works now has larger blue bins available for better recycling capacity. Bins are available FREE of charge with up to 2 bins per household.

A.W. First Nations Recycling has reported recycling rates within our community are on the rise, with a 40% increase over the 2015 to 2016 year. Please keep helping to protect Mother Earth, and recycle!

Bridge Rehabilitation

The replacement of Bridge No. 9 is now complete. Nia:weh to the community for your patience and understanding while we completed this important project. Thank you to the Ministry of Transportation (MTO) and Indigenous and Northern Affairs Canada (INAC) for fully funding this project, in addition to the replacement of Bridge No. 5.

This summer we will begin rehabilitating Bridge No. 7 located between Third and Fourth Line. These repairs will impact the flow of traffic through this area, but are needed to ensure the continued safety of our community.

A funding request for the rehabilitation of Bridge No. 15 located on Onondaga Road between Second and Third Line has been submitted.

This past year we have successfully completed 2 urgent bridge replacements. Overall we have identified 11 bridges in need of rehabilitation in the upcoming years.

Funding

We are advocating Indigenous and Northern Affairs Canada (INAC) for the funding needed to replace two pumper tankers that are more than 25 years old, for the Fire and Emergency Services Department.

We are continuing to work tirelessly to secure funds to complete Phase One of the watermain extensions to

the outlying federal schools and the Oneida Business Park, in addition to other infrastructure projects.

Gaylord Powless Arena

Six Nations Parks and Recreation are working to replace compressors in the Gaylord Powless Arena.

Henry House

The demolition of the Henry House has been successfully completed.

Horse Barns

Work is currently being done to repair the interior of Six Nations horse barns.

Household Hazardous Waste

Nia:weh to everyone who brought their household hazardous waste for proper disposal on Saturday, June 3. For tips on storing waste until the next event or for alternative locations for proper waste disposal visit Public Works – Landfill Site at www.sixnations.ca.

Landfill Site Hours

Six Nations Landfill is now operating on summer hours from 8am-5:30pm Tuesday through Saturday. Gates will close at 5:15pm.

Road Maintenance

Six Nations Public Works is completing annual maintenance of the roads, such as filling in pot holes, line painting, sweeping and the application of dust control on gravel roads. Please remember to reduce your speeds and always drive cautiously.

Tree Cutting/Trimming

Six Nations Public Works has completed cutting and trimming trees located along Fourth Line. For every tree removed two trees will be planted in the community.

Trucking

At the request of the Elected Council, on May 26, the project owners of the Third Line Waterpark Project held a community meeting to address questions and concerns about trucks transporting fill.

Water Tower Design Contest

Nia:weh to everyone who submitted designs for the water tower design contest to Six Nations Public Works. There is currently no funding identified to cover the cost of the overcoating, needed to prevent deterioration, but once the winner has been chosen we can begin to submit proposals for funding.

Protecting Our Waters

The Iroquois Caucus has joined with the Anishinabek Nation in a joint declaration that all radioactive waste must be kept away from waterbodies and must not be transported, exported or imported throughout traditional territories whether by road, rail, water or any other means.

The declaration also states that First Nations maintain their rights to the lands, waters and all resources. Any radioactive waste must be contained and be in retrievable and monitored storage.

Community Forum for Wellness & Unity

On Thursday, April 6, 2017 Elected Council held their first community meeting to address substance use in the community of Six Nations. Following presentations by Six Nations Police, the High Risk Committee, New Directions Group, and Social Services community members broke out into small groups for further discussion. All community feedback was compiled and provided to the Elected Council for next steps.

On Monday, May 29, 2017 the volunteer Community Action Group, led by Councillor Sherri-Lyn Hill Pierce, met to review and discuss the feedback and will be proceeding with:

- Establishment of a Community Action Group Workplan
- Requesting feedback from the Community Forum be shared with the community through District meetings

Unable to attend the Community Forum? Visit Six Nations Elected Council on Facebook or YouTube to watch the video!

Interested in volunteering for the Community Action Group? Contact us at 519-445-2201.

Six Nations Animal Control Services
