

For Immediate Release: October 23, 2020

UNITY REMAINS A TOP PRIORITY AT SIX NATIONS

The Six Nations Elected Council is calling for calm, peaceful and respectful relations on all sides.

We acknowledge the tensions in our community and are committed to taking actions to repair relations here at Six Nations.

We recognize that the accommodation agreement at McKenzie Meadows is one of the concerns. We want you to know that we did it because we thought it was a benefit to our community.

We have heard from many community members that they feel it was not the best decision for the Territory, and we are listening.

We are bound to the agreement, but please know that we have learned from it. We commit to you that we can, and will do better.

We do not condone the violence or destruction of property and we are calling for calm to refocus our minds.

We are disturbed with the judgement handed down yesterday by Justice Harper, as it proves that systemic racism is alive and well in this country, including in the judicial system.

We hope in the days ahead, that we can work in unity to focus on the common goal of addressing our Six Nations Land Claims. It's time for the federal and provincial governments to right their wrongs.

In good faith, we as the 58th Elected Council, motioned to remove the injunctions imposed on our own people at the Burtch property and the Central Administration Building.
