PROJECT: PROTECT OUR PEOPLE
PROTECTION, PREVENTION, RESPECT

REQUIRED FOR ENTRY TO SIX NATIONS

FACE MASKS MUST BE WORN
in ALL PUBLIC BUILDINGS

MANDATORY 14 DAY SELF ISOLATION
FOR OUR U.S. COMMUNITY MEMBERS,
TRAVELLERS & VISITORS

SN COVID 19 ASSESSMENT CENTRE: 1-855-977-7737 or 226-446-9909
We need your help!

We are currently working to build up a reusable face covering/mask inventory to provide for community members in need.

We are currently looking for donations to help build inventory.

Your support is greatly appreciated!
Please contact SNGR Public Works to arrange donations at 519-445-4242

Watch for more updates on reusable masks/face coverings!
Community Urged to Follow Ongoing Health Measures Following 15th Confirmed Case of COVID-19

Ohsweken Public Health officials have confirmed another case of the COVID-19 virus in Six Nations Territory.

Contact-tracing has been underway since the confirmation was received this morning and each of the identified contacts have been ordered to begin self-isolating for at least 14-days, or until testing is carried out and the results are received.

The latest confirmation brings the total number of confirmed cases in Six Nations since the start of the pandemic to 15. To date the Six Nations COVID-19 Assessment Centre has completed 1076 tests and of those test 1023 were confirmed negative cases.

“We’ve all been getting a little more comfortable going about our day-to-day activities since entering stage two of the recovery plan, but this latest confirmed case is a stark reminder that the virus is still in and around Six Nations Territory,” says Six Nations Health Service’s Director Lori Davis Hill. “Everyone should continue to conduct themselves as though they have the virus and don’t want to spread it, and as if everyone else has the virus and they don’t want to get it.”

**Ongoing public health and safety measures include:**

- A limit of 10 people for outside gatherings;
- Practicing physical distancing in public places;
- Wearing a mask while in public spaces, especially in indoor settings and when physical distance cannot be maintained;
- Staying at home if feeling ill or experiencing any COVID-19 symptoms (cough, shortness of breath or fever) then calling the Six Nations COVID-19 Assessment Centre toll free at 1-855-977-7707 or locally at 226-446-9905, and;
- Keeping bodies and surroundings clean and disinfected, especially hands by washing and/or disinfecting them often and for at least 20 seconds.

Public health officials are also reminding community members of their responsibility when it comes to contact-tracing, a tool that continues to prove extremely effective in finding and containing the COVID-19 virus, but only when an infected person can list the people they have been in contact with over the past 14 days.

“If you can’t remember the names of all of the people you have been in contact with over the past two weeks, you may be overdoing it and should consider reducing your interactions with others,” says Hill.

1695 Chiefwood Road, P.O. Box 5000, Ohsweken Ontario N0A1M0
Face Coverings Now Required

For the health and safety of community members, face coverings (masks) are now required within all indoor spaces and on all ride services operating within Six Nations of the Grand River (SNGR) Territory.

“This decision was based on Public Health guidance locally, nationally and globally – to reduce the risk of the spread of this virus,” confirms SNGR Elected Council Health Services Director Lori Davis Hill.

The Emergency Control Group made the recommendation to the Elected Council who adopted the change at Thursday’s Political Liaison Council meeting.

To implement the new rule, public education activities will be launched which will encourage residents and businesses to wear face coverings when in public spaces. Signs will also be erected on the borders of Six Nations of the Grand River Territory, advising visitors to the community of the requirement to wear masks.

Community members looking to donate homemade masks please contact SNGR Public Works at 519-445-4242 during business hours from Monday to Friday 8:30a.m. to 4:30p.m.

Exceptions to the rule include:
- children under the age of two
- individuals with medical conditions that makes it difficult to wear a mask
- persons who are unable to put on, adjust or remove a mask without assistance
- businesses not open to the public and are able to physically distance in the workplace with those who are not members of the same household
- employees behind a physical barrier

The requirement to wear face coverings is effective immediately until August 30, 2020, at which time it will be reassessed and a further decision made. More updates on this matter forthcoming.

Emergency Control Group Pleads for the Community’s Continued Caution as Ontario Eyes Their Next Stage of Reopening While Six Nations Stays in Stage 2

Six Nations of the Grand River’s Emergency Control Group is reminding the community of the increased risk COVID-19 poses to First Nations as Ontario sets to ease public health restrictions this weekend. Six Nations of the Grand River to remain in Stage 2.

“I want to remind Six Nations members of the unfair reality we find ourselves in as surrounding communities set to embrace the next stage of Ontario’s reopening plan,” says Chief Mark Hill. “The fact is that we, alongside all of our First Nations brothers and sisters, are at a much higher risk of contracting COVID-19 and of suffering from its sometimes deadly symptoms. A history of colonialism has created many inequalities between Indigenous and non-Indigenous peoples, and that includes resilience to viruses like COVID-19. It is with this in mind that Six Nations will remain in Stage 2 of our Recovery Plan.”

The ECG points to several factors that put First Nations and other minority communities at an increased risk of contracting, spreading, and suffering from the effects of viruses and infections, including:

- Overcrowded and multi-family homes that serve as optimal sites for the spread of germs and viruses;
- Limited access to clean water that is needed for maintaining health and keeping homes and bodies clean and disinfected;
- Limited access to quality and properly-funded healthcare;
- Food insecurity and a lack of access to the nutritious foods that create healthy bodies and immune systems able to fight viruses and illnesses, and;
- Higher rates of pre-existing illnesses that make people more susceptible to the threat of additional illnesses and infections.

The ECG says that although Ontario is entering the next phase of its reopening plan, Six Nations is still very much in the second phase of theirs.
Six Nations Staying in Stage 2 ... Cont’d

Ongoing public health and safety measures currently in place in Six Nation’s second phase include:

- A limit of 10 people for outside gatherings;
- Practicing physical distancing in public places;
- Wearing a mask while in public spaces, especially in indoor settings and when physical distance cannot be maintained;
- Staying at home if feeling ill or experiencing any COVID-19 symptoms (cough, shortness of breath or fever), and;
- Keeping bodies and surroundings clean and disinfected, especially hands by disinfecting and/or washing them often and for at least 20 seconds.

Public health officials are also reminding community members of their responsibility when it comes to contact tracing, a tool that continues to prove extremely effective in finding and containing the COVID-19 virus. Contact tracing requires infected individuals to recall and list places they’ve been and who they were in close contact with. Contact tracing may need to go back 14 days in order to find the source of infection. The goal of contact tracing is to isolate and contain the spread of this virus. So it is imperative that individuals recall as much information as they can and are honest in helping to find the source of infection.

“We have all made great sacrifices for the health and safety of our community over the past four months and we hope those sacrifices don’t go to waste because people aren’t continuing to do their fair share,” says Chief Hill. “As a community, we will not hesitate to return to increased measures to protect our community, especially the most vulnerable among us, including our elders and knowledge-keepers.”

If you or somebody you know is experiencing any symptoms, please contact the COVID-19 information and assessment centre at 226-446-9909 OR 1-855-977-7737 to arrange for a free test.

Border Crossing During COVID-19: A Guidance Document

Travel between Canada and the United States has been restricted since March 21, 2020, to contain the spread of the COVID-19 pandemic.

As of June 8, 2020, Six Nations community members who have family in the U.S are allowed to travel into U.S to visit immediate family members.

This guideline is specifically for community members of Six Nations who have immediate family members in U.S. Travel from Canada to the U.S. is NOT encouraged at this time.

Those who wish to travel to Canada for other non-essential reasons, such as cross-border shopping, vacation, or to visit friends, CANNOT do so at this time.

Who can cross the border into Canada?

Six Nations community members who live in the U.S. and have immediate family members living in Canada will be allowed to enter Canada. **You must stay in Canada for a minimum period of 15 days.** Anyone entering Canada cannot have COVID-19 or exhibit any signs or symptoms of COVID-19. If there is any reason to believe you have COVID-19 you will not be allowed to enter Canada.
Who are family members?

An immediate family member refers to a person’s:
- spouse or common-law partner;
- dependent child, or the dependent child of the person’s spouse or common-law partner;
- parent or step-parent or the parent or step-parent of the person’s spouse or common-law partner.

Do I have to go into self-isolation when entering Canada?

- When entering Canada you must go into self-isolation for 14 days, even if you do not have symptoms of COVID-19.
- Any travel to the U.S. from Canada will also require you to self-isolate for 14 days upon return.
- Please make arrangements for a place to quarantine prior to entering Canada.
- You will need to confirm that you have a suitable place to quarantine for 14 days where you will have access to basic necessities (such as food and medication) and not have contact with vulnerable people, such as adults aged 65 years or over and people with pre-existing medical conditions.
- You must also call Ohsweken Public Health at 519-445-2672 OR the Six Nations Information & Assessment Centre at 1-855-977-7737 OR 226-446-9909 when entering Canada.
- If you do not have a suitable place to quarantine for 14 days, call Ohsweken Public Health OR the COVID-19 Assessment Centre to make arrangements prior to entering Canada.
If you are arriving from the U.S., you can enter Canada if you meet the following criteria:

- The ability to demonstrate that the purpose of your trip is non-optional.
- Trip to Canada is at least 15 days long.
- The ability to demonstrate that you will self-isolate for 14 days when entering Canada.
- You do not have COVID-19 or symptoms of COVID-19.

Examples of non-optional trips

- To take up full-time residence in Canada.
- To care for an ill family member or a family member who is unable to care for themselves; when no other arrangements can be made.
- Shared custody agreement across borders, as this would be complying with a court order.
- Tending to family matters for non-optional purposes (such as bringing supplies to elderly parents) when there is no one else available in Canada to assist.
- Health (immediate medical care), safety and security.
- If you are coming for the birth of your own child.
- Critical infrastructure support.
Documentation to bring when crossing the border

Documentation showing that you are a community member of Six Nations (e.g., Haudenosaunee passport, status card, birth certificate for a child age 15 or younger).

Documentation showing your relationship to the immediate family member (e.g., marriage certificate or proof of common law status, birth certificate, etc).

Additional things to know before crossing the border

As of March 31, 2020, anyone arriving in Canada must provide their contact information to a border services officer when seeking entry.

This information is collected on behalf of the Public Health Agency of Canada to support their compliance and enforcement of the Quarantine Act (i.e. 14-day quarantine or isolation requirement).

You will also have to call Ohsweken Public Health at 519-445-2672 OR the Six Nations Information & Assessment Centre at 1-855-977-7737 OR 226-446-9909 upon entry into Canada.

Location of border crossings

Ontario has 14 road border crossings, one truck ferry, and four passenger ferries with the United States. The province’s international crossings in Windsor, Sarnia and Fort Erie/Niagara Falls are the busiest in Canada based on the volume of goods and number of trucks crossing the border.

Ontario Border Crossing Bridges
- Cornwall
- Fort Erie: The Peace Bridge
- Fort Frances
- Niagara
- Pigeon River
- Prescott
- Rainy River Crossing
- Sarnia: Blue Water Bridge
- Sault Saint Marie: International Bridge
- Thousand Islands Bridge
- Windsor-Detroit Gateway
- Passenger Ferries

HOW TO CONTACT THE
SIX NATIONS MOBILE CRISIS SERVICES

SERVICES AND NEW FEATURES

24/7 CRISIS PHONE LINE

The Six Nations Mobile Crisis Services offers a 24/7 Crisis Line. A person seeking crisis support will be connected with a Crisis Response Worker.

866-445-2204 or 519-445-2204

TEXTING

The Six Nations Mobile Crisis Services offers Texting crisis response. Texting is available Monday to Friday from 8:30am - 4:00pm. A person seeking crisis support through text will be connected with a Crisis Response Worker and receive messages through text.

226-777-9480

LIVE CHAT (MESSAGING)

The Six Nations Mobile Crisis Services offers Live Chat crisis response. Live Chat or Instant Messaging is done on your computer over the Internet. Live Chat (Messaging) is available Monday to Friday 8:30am - 4:00pm.

Link on sixnationscovid19.ca under Crisis Support Live Chat

MOBILE CRISIS SUPPORT

Mobile Crisis Support is a feature that allows for in-person crisis support at a safe location. Due to physical distancing, Mental Health and Addictions (a partner of the Mobile Crisis Services) will be receiving requests made through the crisis line. Please call the phone line if this is a feature you require. At this time it is business hours only.

CONFIDENTIAL SERVICES

The Six Nations Mobile Crisis Services is a confidential service offering crisis support to Six Nations of the Grand River. The new features run through a program which offers safe and encrypted technology to keep conversations confidential and secure.

@ 519 - 732 - 0448

Limited Space
*Must have access to internet*
MANAGING OUR WASTE AND OUR FUTURE RESPONSIBLY
Transfer Station To Open July 21st!

As Stewards of the Land, we know a healthy environment requires balance.

Our new **Waste Management Transfer Station** will help maintain that balance by ensuring that:

- Waste from outside goods and products leave our territory again
- We protect the environment and each other by properly disposing of hazardous materials
- More of our land is available for healthy and traditional activities like agriculture and gathering
- We recycle and compost as much of our waste as possible

The transition requires capping the old landfill site with soil and clay. Visit dropbox.com/sh/fa3rr3pzdi1k27rp/AABorWIElw9z5ex2DnaICFyZa?dl=0 to see how we are doing that safely.
REQUEST FOR PROPOSALS

SIX NATIONS OF THE GRAND RIVER LIFELONG LEARNING TASKFORCE

SECONDARY SCHOOL FEASIBILITY STUDY

PURPOSE:
The Six Nations Lifelong Learning Taskforce is seeking the services of a consultant to conduct a feasibility study on the requirements to build and operate a secondary school, which delivers education grounded in Haudenosaunee language and culture at Six Nations. The feasibility study will build on previous work, incorporate community input and provide recommendations to be considered for inclusion in the full scope of recommendations to the community on a lifelong learning education system.

BACKGROUND:
In early 2018 Six Nations of the Grand River established a Lifelong Learning Taskforce (LLTF) that reports to the Six Nations Elected Council and the community as a whole. The LLTF is mandated to explore options and make recommendations on a world-class lifelong learning (education) system that is based on language and culture for Six Nations of the Grand River. The LLTF builds on previous activity in this area and works with community members, internal entities and external partners to:

- review the current education system,
- review and refine the draft model and costing developed in an Education Study¹,
- conduct research on areas where no baseline information is currently available,
- establish a plan to work towards a future lifelong learning system that meets the needs of our learners and the community as a whole.

The LLTF includes representation from all facets of the community including, but not limited to:

- Representation from all schools (federal and non-federal)
- Six Nations Elected Council
- Six Nations Polytechnic
- Six Nations Lands and Resources
- Six Nations Languages Commission
- Six Nations community representatives
- Six Nations Social Services
- Six Nations Health Services
- Six Nations Community Planning
- Grand River Employment and Training

Education Lifelong Learning Task Force - RFP Cont’d pg. 2

- Ogwehoweh Skills and Trades Training Centre
- Grand River Post Secondary Education Office

The Taskforce has engaged and will continue to engage a broad spectrum of the population at Six Nations including:
- Students
- Parents/Caregivers
- Elders and Traditional Knowledge Holders
- Teachers (federal, non-federal and provincial)
- Education Specialists
- Relevant Consultants (i.e. lawyers, economists)

The LLTF is led by a Core Team and is supported by the Lifelong Learning Education Coordination Office (ECO).

SCOPE OF WORK:
Preliminary Report will include:
- A summary of previous findings on secondary school requirements for Six Nations, including, but not limited to:
  - the 1997 Secondary Education Research Project, including the Ideal Delivery Model;
  - the 2018 Deloitte Education Study.
- A review of the current landscape of secondary education delivery at Six Nations and in other First Nation communities, including strengths, needs and opportunities;
- Analysis of current statistics and metrics of Six Nations learners receiving secondary education off-reserve (attendance, graduation rates, credit completion, tuition costs, etc.);
- Options for community input and consideration to inform the development of the Final Report.

Community Engagement
- Present findings of preliminary report and work with the LLTF and ECO to conduct community engagement to:
  - Obtain input on the unique needs of secondary education delivery in the Six Nations community;
  - Determine the demand for a high school at Six Nations.

Final Report
- Prepare and submit a final research and engagement report, which includes:
  - Incorporation of input from community;
  - A preferred secondary education delivery model;
  - Projected capital infrastructure cost of the planning, construction and operations of a secondary school here at Six Nations:
- Size and scale based on demand determined in community engagement with the ability to expand to accommodate the full number of secondary students considering enrollment projections.
  - Bureaucratic requirements to deliver secondary education here at Six Nations (i.e., legislation, agreements, negotiations, etc.);
  - Projected operational costs to deliver secondary education (staffing/administration, transportation, capital/technology, course delivery/culture-based learning, extra-curricular activities, etc.);
  - Projected operations and maintenance costs.

**WORKING RELATIONSHIP:**
- The consultant will work in conjunction with the ECO to facilitate planning, preparation and development of all deliverables.
- The ECO will be responsible for coordinating all logistical planning for presentations and other means of and will be responsible for all costs associated.
- The work of the consultant will be directed by the ECO – Education Manager.

**DELIVERABLES/TIMEFRAME:**
The following deliverables and timeframes must form the basis of the RFP response for this project:
2. Proposed work plan identifying planning, facilitation, developmental process and completion of deliverables.
3. A budget inclusive of consultant’s fees for completing the following deliverables:
   - Projected Start Date – August 17, 2020
   - Preliminary Report – September 30, 2020
   - Final Report – December 18, 2020

**GENERAL INFORMATION TO BIDDERS:**
- The Lifelong Learning Education Coordination Office will not be responsible for any costs associated with the preparation and/or submission of a Proposal.
- Final reports and materials produced through this contract are the property of the Lifelong Learning Education Coordination Office.
- Proposals must include a fixed price for the services and expenses herein described and are not to exceed $50,000

**PROPOSAL EVALUATION:**
The Lifelong Learning Education Coordination Office will evaluate responses based on the following criteria:
- Quality and completeness of the proposal,
- Understanding and relevance to the Scope of Work outlined,
- Capacity of the applicant to undertake the project (experience in developing First Nation reports/documents which provides referenced information context on key
priorities for research, analyzes issues, needs and identifies information gaps recommended for further investigation),
- Knowledge/Understanding of Six Nations historical and contemporary context with specific awareness in teaching and learning,
- Appropriateness of the project outline, timelines and budget,
- Experience working with Six Nations of the Grand River.

The Lifelong Learning Education Coordination Office reserves the right to:
- Reject any or all proposals received;
- Enter into negotiations with one or more applicant on any aspects of the proposal;
- Accept any proposal in whole or in part;
- Cancel, modify or reissue this document at any time;
- Verify any and all information provided in the proposal.

PROPOSAL SUBMISSION PROCESS
1. You are invited to submit a proposal submission outlining your understanding of the requirements for this project, including objectives, scope of work and how you will achieve the deliverables.
2. The proposal should not be a restatement of the information contained in the Scope of Work, but should demonstrate a fundamental understanding of the tasks outlined and a description of how the resources that you will provide will be able to achieve the deliverables. A brief work plan/methodology must be included describing what activities will be undertaken to complete the project deliverables.
3. Your budget outline must include a breakdown of activities by resource; number of days allocated and per diem costs.

DUE DATE:
Submissions marked “SECONDARY EDUCATION – LIFELONG LEARNING EDUCATION SYSTEM” must be received by August 7, 2020. Proposals received after this time will be returned unopened.

Direct submissions via email to:

Julia Candlish, Six Nations Education Manager
jcandlish@sixnations.ca

FOR ADDITIONAL INFORMATION, PLEASE CONTACT Julia Candlish jcandlish@sixnations.ca or 519 717-3858.
NOTICE OF STUDY COMMENCEMENT
Downtown Streetscaping
Class Environmental Assessment

The Study

The City of Brantford has initiated a Class Environmental Assessment (EA) for streetscaping the Downtown to improve walkability, accessibility, and underground infrastructure to allow for development, enhance the infrastructure for all transportation modes, and increase pedestrian capacity. The goal of the streetscaping improvements is to create a Downtown that is attractive, vibrant and safe for users and provides the infrastructure needed to accommodate expected growth. An illustration of the proposed study limits is available on the other side of the page.

The Process

The EA is being undertaken in accordance with the planning and design process for Schedule “C” projects as outlined in the Municipal Class Environmental Assessment document (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act. This study will define the problem, identify and evaluate alternative solutions to the problem, evaluate alternative design concepts for the solution, and recommend a preferred design concept after assessing potential environmental impacts and identifying mitigation measures associated with the preferred design.

A key component of the EA will be consultation with interested stakeholders and community members, including public agencies and Indigenous communities. Two Public Information Centres (PICs) will be held to present the project, review the study findings, and discuss matters related to the project including alternative solutions, evaluation criteria, alternative design concepts, and environmental impacts and mitigation measures. Details regarding the forthcoming PICs will be advertised as the study progresses. At the conclusion of the study, the EA process will be documented in a Project File which will be made available for 30 calendar days for public review and comment.

We Want to Hear from You!

Additional Information can be found at www.Brantford.ca/NewDowntown. If you have any questions or comments regarding the EA or wish to be added to the EA mailing list, please contact either of the project team members:

GUIDANCE FOR PLACES OF WORSHIP ON SIX NATIONS

GENERALIZED GUIDELINES:

- Consider a designation area for offering plates or on-line/transfer donations so that the plate is not being passed around. Participation of no more than 30% of the capacity of your premises.
- Maintaining a distance of two metres/six feet between all persons as much as possible.
- Encouraging the use of masks, and requiring that masks be worn if, in rare circumstances, physical distancing is not possible.
- Limiting singing and loud speaking.
- Avoiding opportunities for the virus to spread through touch, either directly or indirectly through surfaces and objects, including objects that may be used in rituals or ceremonies.
- Enhanced cleaning and disinfection.

PREVENT COVID-19 OUTBREAKS

- Ensure you have a way to contact attendees in the event that someone has attended your place of worship while contagious.
- Options include keeping a record of online RSVPs, having someone observe and record names, having members sign in through a safe method (do not provide a pen that can passed between people), or providing a list of members upon request.
- If there is a case of COVID-19 who was contagious while attending services, public health will use that list to notify the place of worship attendees and staff. This may include instructions for to self-isolate or self-monitor for COVID-19 symptoms.
- Anyone with even one symptom of COVID-19 should stay home and call the assessment centre 226-446-9909 or 1-855-977-7737.
- If there is a case where a person with COVID-19 attended services during their infection period, Public Health will require your list of attendees to notify those who may have been in contact with that person. They will also provide instructions for how to self-isolate, self-monitor for COVID-19 symptoms and advise on cleaning/disinfecting the setting to limit risk of transmission.

- WEDDINGS AND FUNERALS The above requirements still apply, including suspending social gatherings before or after the service, and not providing food services.

SYMPTOMS OF COVID-19:
- Fever;
- Cough;
- Shortness of Breath;
- Sore Throat;
- Diarrhea;
- Vomiting;
- Headache;
- Pink Eye;
- Loss of Taste;
- Loss of Smell;
- Rash in children
