

SIX NATIONS COUNCIL

Notice of Caution

Recently members of the community have been approached by Hydro and Natural Gas Companies in a door-to-door campaign with offers of better rates if you change your utility services. Please be advised, that these companies must have the Six Nations Council approval to sell their products and services.

Companies soliciting/selling products and services within Six Nations must be approved by the Six Nations Council. If you are approached by anyone selling products and services in your area Please use discretion, ask to see a letter of approval to solicit, signed by the Six Nations Council and always use care in signing any documents.

If the seller can not provide any information then it is a safe assumption that he/she is not authorized to be selling their goods and services in Six Nations. Protect yourself, use discretion and ask for the letter of approval to solicit.

If you would like a copy of this Solicitation-Band Council Resolution, have comments or concerns please contact the Six Nations Administration Office at (519) 445-2201.
