

The Six Nations Fire & Emergency Services wants you to know that

SMOKE ALARMS SAVE LIVES

**Put Smoke Alarms in your Home to
Keep your Family Safe**

In the past year, 16 first nations people have died in house fires that have occurred in Ontario First Nation communities. Only one of these homes had a working smoke alarm.

Let us install **2 FREE** combination Smoke /Carbon Monoxide Alarms in your home for **FREE.**

When you hear a smoke alarm, you only have about 3 minutes to get everyone outside and safe.

- Tell your family what to do if they hear the smoke alarm.
- Make an escape plan so everyone knows how to get out fast
- Pick a meeting place outside of your home where everyone will meet
- Some children and older adults cannot hear the smoke alarm when they are sleeping. Make a plan for how to wake them up.
- Practice your escape plan with everyone in your family at least two times each year.
- Go to your outside meeting place immediately.
- Call 911 from outside.
- Never go back inside a burning building.

Need help or want more information on how to make an escape plan?

We can help. Stop in at our headquarters in Ohsweken or we talk to you when we come to install your alarms.

**Let us install
2 FREE SMOKE
ALARMS/CO ALARMS**

- Smoke is poison. It can kill you.
- Smoke alarms make a loud noise when there is smoke in your home.
- Smoke alarms wake you up if you are sleeping.
- Smoke goes up. Put smoke alarms on the ceiling or high on the wall.

Courage...Respect...Discipline...Honour
