## After Paperwork

Once the paperwork has been completed, you may contact your contractor for a quote.

All contractors **must** call the Six Nations Water Department before doing any work.

## After Installation

Once the line is inside the house, the contractor will have to call the Six Nations Public Works Water Department **and** your plumber you have doing the connection.

**All** work needs to be inspected by the Six Nations Public Works Water Department.

Six Nations Public Works Water Department: (519) 752-4712
