

COMMUNITY NOTICE:

59TH ELECTED COUNCIL UPDATES – October 14, 2025

For Immediate Release: November 13th, 2025

OHSWEKEN, ON – Six Nations of the Grand River 59th Elected Council (SNGREC) shares the following updates with community from their October 14, 2025, meeting.

Six Nations Social Services – Sunrise Court Watermain Project

- The Six Nations Social Services building at 15 Sunrise Court is currently undergoing expansion to meet increased service demands and support program growth.
- The design of this expansion identified that the existing 150mm watermain along Sunrise Court cannot provide the necessary flow and pressure for the project.
- As a result, the Six Nations Water Department has requested the installation of an additional 90 meters of watermain beyond the project limits to prevent surface water from generating and impacting the development.
- SNGREC has approved to award this project to Avertex Utility Solutions Inc.
